

Providing the Right Training for the Right People at the Right Time

Human Trafficking - Online Courses

Are you prepared to work with these children?

According to the FBI, an estimated 1,110 children are currently trafficked for sex in Ohio.

Human Trafficking: *What Caregivers Need to Know*

**E-Track Learning No.
923-69-DL2-S**

DISTANCE
LEARNING

This module is a one-hour training that helps caregivers be aware of the scope of human trafficking, understand the dynamics of human trafficking, know factors that increase a youth's vulnerability to human trafficking, recognize indicators that a child has been trafficked, and know strategies to help prevent youth from being trafficked.

For additional information and resources visit—[What Caregivers Need to know about Human Trafficking](#) at our website listed below.

Human Trafficking: *An Overview for Child Welfare Professionals*

**E-Track Learning No.
323-3-DL2-S**

DISTANCE
LEARNING

The OCWTP has developed this training to help child welfare staff learn about human trafficking and fulfill the mandated rule requiring human trafficking training within the first two years of employment. The course provides an overview of definitions, dynamics, and laws related to human trafficking. Furthermore, it identifies factors that increase risk, introduces a rapid screening tool, and outlines strategies for early intervention.
