The Ohio Child Welfare Training Program

The goal of the program is to provide high quality, competency-based, in-service training for staff and caregivers of public child welfare agencies throughout Ohio. Program activities include assessment of training needs, development of curricula, development of trainers, coaches and other resources, training of trainers, delivery of training, evaluation of training programs, and consultation to local agencies. All training is designed to promote diversity competence within child welfare practice.

The OCWTP's Regional Training Centers will provide training to meet the training needs of all staff and caregivers. For further information, contact your Regional Training Center Coordinator or Institute for Human Services staff.
